## WORKSHOPS & RESEARCH PROJECTS

ImPulsTanz Workshops 2017 – Btissame Amadour & Florentina Holzinger & Marija Malenica © Karolina Miernik

### WORKSHOPS

Due to its enormous offer of courses ImPulsTanz grew to Europe's biggest workshop festival. More than 150 internationally renowned teachers and choreographers share their knowledge in more than 200 workshops with beginners, advanced dancers, dance enthusiasts, returners and professionals. Thereby, the variety of the programme – from contemporary to butoh, from yoga to dance for people with and without disabilities – and the exchange, initiated by ImPulsTanz, between teachers and participants, performers and spectators, amateurs and professionals transform Vienna into an international dance hotspot in summer. ### RESEARCH PROJECTS

The ImPulsTanz Research Department offers a series of Research Projects for professional dancers giving the opportunity to work together in small and personal groups. The participants are selected by the artists, who are running the Research Projects, based on the application documents. The working process focuses on the interaction between the docents and the students. So far, artists like Merce Cunningham (New York), Emio Greco | PC (Amsterdam), Wendy Houstoun (London), Akram Khan (London), Vera Mantero (Lisbon), Mathilde Monnier (Paris), Lloyd Newson (London), Steve Paxton (Vermont), Thomas Hauert (Brussels), Meg Stuart (Berlin/Brussels), Mark Tompkins (Paris) as well as Wim Vandekeybus (Brussels) acted as mentors of Research Projects. In 2017 ImPulsTanz launched **URBANATIVE** for the first time. This festival of urban art forms, shaped in collaboration with Storm and Markus Eggensperger feat. Archie Burnett, Daybee Dorzile, Nina Kripas, Brahms LaFortune, Bruce Ykanji and many more, took place from 05–12 August 2017. With 265 courses the ImPulsTanz Festival 2017 offered the most extensive workshop programme since its existence. **The list of teachers 2018 will be available by the beginning of April 2018. The entire workshop programme can be found on our website by the end of April. With the announcement of the programme the online booking starts.**

## PRO SCENE & EDUCATION AT IMPULSTANZ

ImPulsTanz Rhythm is a Dancer – Dance Contest 2017 © Baker Abu Naim

ImPulsTanz understands itself as a vital platform for exchange between dance and performance professionals. Therefore, it offers a multitude of activities for dance students, teachers, choreographers, dramaturges and producers: auditions, talks, teacher trainings, residencies, book presentations, workshop showings and symposia. Regularly updated information about the programme on [www.impulstanz.com/en/proscene](http://www.impulstanz.com/en/proscene)

### **danceWEB Scholarship Programme**

danceWEB is a five-week advanced programme for contemporary dancers, which takes place during the festival. The programme offers – accompanied by artistic mentors – the chance to get in contact with other artists by attending the extensive workshop programme and the Research Projects to about 65 aspiring choreographers from approximately 40 countries. The application deadline is 15<sup>th</sup> December 2017.

### **ATLAS – Mapping Future Talents**

Founded in 2014 the artists' development & residency programme allows young artists to intensively deal with contemporary dance over a period of one month. It encourages the creation of own works in the context of the festival, which is supplemented by a multi-faceted workshop programme, an individual coaching and a presentation platform.

### **Teacher Trainings**

ImPulsTanz offers a diversity of additional further education. In 2013 & 2015, a “Yoga Teacher Training” was held by Sri Louise; 2017 the “Somatic Movement Teacher Training” with Dieter Rehberg and since 2006 it is possible to gain the “DanceAbility Teacher Certification” by Alito Alessi on a biannual basis (2018 is the next opportunity).

### **Symposia**

The festival provides each year, next to practical exchange and development programmes, also the chance for theoretical exchange. In 2017, we invite you to the next IDOCDE Symposium for Contemporary Dance Education. More information about the topic and the registration in spring 2018.
